Company Overview

Sal Venture Tech LLC is a California-based information technology and software services firm founded in 2022. We specialize in custom application development, cloud-based platforms, AI solutions, and scalable digital infrastructure for public and private-sector clients. Our mission is to support organizations in modernizing systems, deploying secure cloud environments, and implementing technology solutions aligned with critical operational needs. We deliver end-to-end services focused on building secure, flexible, and performance-driven solutions that enable efficiency, data accessibility, and long-term scalability.

Core Competencies

- ✓ Custom Software and Application Development
- ✓ Web-Based Platform Design and Deployment
- ✓ Custom AI Solutions & Data Science
- ✓ Cloud Computing, Hosting, and Data Processing
- ✓ Data Engineering and Analysis
- ✓ Systems Integration and Application Modernization
- ✓ Secure and Scalable IT Solution Architecture
- ✓ Performance-Driven Software Engineering
- ✓ Technology Support for Digital Transformation

Past Performance

Contract Name	Role	Dates	Value (USD)	Description
Data Engineering	Data Engineer	2019 - Current	$1,100,000	Cloud based data pipelines and data engineering for a major automotive lights manufacturer.
Ignition SCADA	SCADA Development	01/2020 - Current	$750,000	Designed, developed, and deployed cloud based Ignition SCADA infrastructure for controls engineering.
Data Science	Data Science	06/2024 - 12/2024	$126,000	Python based Data Science for sales pipeline for an automotive lights manufacturer.
Data Dashboards & Automation	Design & Automation	05/2024 - 12/2025	$19,000	Designed and managed data pipelines and dashboards using SCADA for building management systems.
Website Development	Design & Deployment	01/2025 - 09/2025	$4,000	Cloud-based custom developed website for medical writers.

Differentiators

- ✓ Agile, custom-engineered solutions tailored to mission requirements
- ✓ Strong focus on scalability, security, and performance
- ✓ Cloud-first approach supporting modern IT environments
- ✓ Flexible service delivery for small and mid-sized programs
- ✓ Expertise in both system modernization and greenfield development
- ✓ Minority-owned small business with responsive leadership
